## PENDANT LUMINAIRES

**BLOP 30°/60°/100° AC S**

- Mains voltage LED 12W
- 950lm, CRI90
- Mains voltage LED integrated, replaceable at the factory
- **Option 3000K**

**BLOP DUR AC S / BLOP MOLL AC S**

- Mains voltage LED 12W
- 950lm, CRI90
- Mouth-blown glass, handmade matted, air bubbles in the glass are possible
- Mains voltage LED integrated, replaceable at the factory
- **Option 3000K**

**BLOP 30°/60°/100° LV S**

- Low voltage LED 15W
- 1200lm, CRI90
- Low voltage LED integrated, replaceable at the factory
- **Option 3000K**
- **Option Casambi**
- **Option Dim2warm**
- **Option Dali**

## CEILING LUMINAIRES

**BLOP DUR LV S / BLOP MOLL LV S**

- Low voltage LED 15W
- 1200lm, CRI90
- Mouth-blown glass, handmade matted, air bubbles in the glass are possible
- Low voltage LED integrated, replaceable at the factory
- **Option 3000K**
- **Option Casambi**
- **Option Dim2warm**
- **Option Dali**

**CANTARA NAT 200 LV C**

- Low voltage LED 15W
- 1250lm, CRI90
- Made of walnut/oak manufactured in Germany
- Low voltage LED integrated, replaceable at the factory
- **Option 3000K**
- **Option Casambi**
- **Option Dim2warm**

**CANTARA NAT 300 LV C**

- Low voltage LED 15W
- 1250lm, CRI90
- Made of walnut/oak manufactured in Germany
- Low voltage LED integrated, replaceable at the factory
- **Option 3000K**
- **Option Casambi**
- **Option Dim2warm**

## SPOTLIGHTS

**FINO SPOT 30°/50° LV C**

- Low voltage LED 12W
- 1200lm, CRI90
- Low voltage LED integrated, replaceable at the factory

## RECESSED CEILING LUMINAIRES WALL LUMINAIRES

**BLOP SPOT 30°/60°/100° AC C-R**  
**BLOP FLAT 120° AC C-R**

- Mains voltage LED 12W
- 950lm, CRI90
- Mains voltage LED integrated, replaceable at the factory
- **Option 3000K**
- **Option Casambi**

**CRANNY LV W**

- Low voltage LED 15W
- 1400lm, CRI97
- Low voltage LED integrated, replaceable at the factory
- **Option 3000K**
- **Option Casambi**
- **Option Dim2warm**

## OE PENDANT LUMINAIRES

**BLOP 60°/100° AC OE**

- **Mains voltage LED 12W**
- 950lm, CRI90
- OE pendant luminaire with open cable end suitable for mains-voltage canopy systems
- Mains voltage LED integrated, replaceable at the factory
- **Option 3000K**

**BLOP 30°/60°/100° LV OE**

- **Low voltage LED 12W**
- 1200lm, CRI90
- OE pendant luminaire with open cable end suitable for low-voltage canopy systems/Point 350mA
- Low voltage LED integrated, replaceable at the factory
- **Option 3000K**
- **Option Dim2warm**

**BLOP DUR / MOLL LV OE**

- **Low voltage LED 12W**
- 1200lm, CRI90
- OE pendant luminaire with open cable end suitable for low-voltage canopy systems/Point 350mA
- Low voltage LED integrated, replaceable at the factory
- **Option 3000K**
- **Option Dim2warm**

## ALL-IN PENDANT LUMINAIRES & SPOTLIGHTS

**BLOP 30°/60°/100° ALL-IN**

- **Mains voltage LED 12W**
- 950lm, CRI90
- Mains voltage LED integrated, replaceable at the factory
- **Option 3000K**

**BLOP DUR / MOLL ALL-IN**

- **Mains voltage LED 12W**
- 950lm, CRI90
- Mouth-blown glass, handmade matted, air bubbles in the glass are possible
- Mains voltage LED integrated, replaceable at the factory
- **Option 3000K**

**FINO 30°/50° LV ALL-IN**

- **Low voltage LED 12W**
- 1200lm, CRI90
- Low voltage LED integrated, replaceable at the factory

## DUOLARE PENDANT LUMINAIRES

**BLOP 30°/60°/100° DLR**

- **Mains voltage LED 12W**
- 950lm, CRI90
- Mains voltage LED integrated, replaceable at the factory
- **Option 3000K**

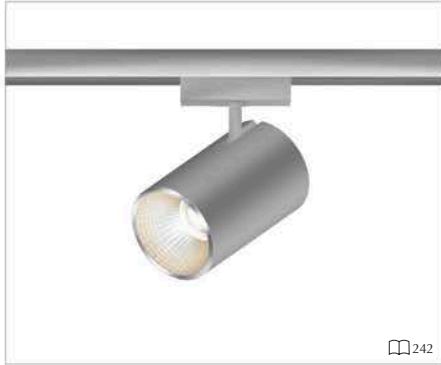

**BLOP DUR / MOLL DLR**

- **Mains voltage LED 12W**
- 950lm, CRI90
- Mains voltage LED integrated, replaceable at the factory
- **Option 3000K**

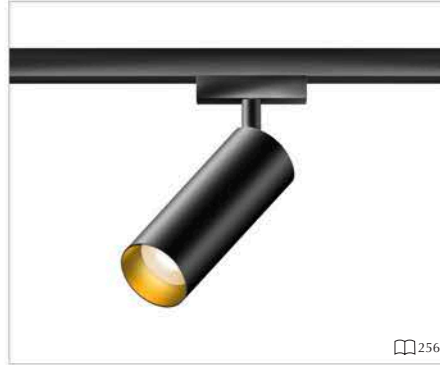

## DUOLARE SPOTLIGHTS

### ACT II 17°/30° DLR

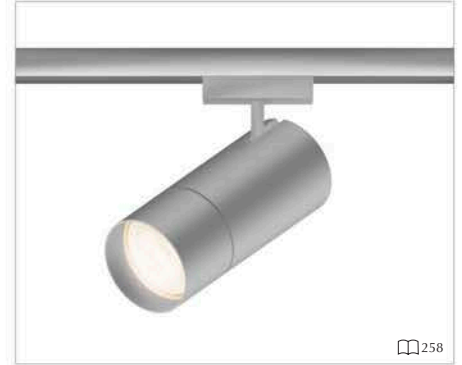

- **Mains voltage LED 10W**
- 800lm, CRI90
- Mains voltage LED integrated, replaceable at the factory

### FINO 30°/50° LV DLR

- **Low voltage LED 12W**
- 1200lm, CRI90
- Low voltage LED integrated, replaceable at the factory

### MONO SPOT GU10 DLR

- **GU10**
- Max. 50W
- Universal use for GU10

### TUTO II 40°/110° DLR

- **Mains voltage LED 10W**
- 800lm, CRI90
- Mains voltage LED integrated, replaceable at the factory

## SUSPENSION POINT

### SUSPENSION POINT R

- Mounting and junction box for ceiling installation for luminaire cables up to 6mm thickness
- Mains voltage or low voltage (AC / LV), max. weight 3kg

## ACCESSORIES

### SURGE PROTECTION MAX. 10A

- To protect LED luminaires from short-term overvoltages (surges) in the mains.
- For mounting e.g. in cavities in walls or ceilings

## WIRE STRIPPER COAX (LV/AC)

- Adjustable tool for stripping coaxial cables
- Ready-adjusted for cables (2,8mm) of Bruck low voltage LED pendant luminaires (LV)
- Ready-adjusted for cables (3,5mm) of Bruck high-voltage LED pendant luminaires (LV)
